Kasturbagram Rural Institute

Kasturbagram, Indore (M.P.) - 452020
An Autonomous Women's College, Affiliated to Devi Ahilya University, Indore

The Programmes Specific outcomes

- **Chemistry**
 - Gain the knowledge of Chemistry through theory and practical experiments.
 - To explain nomenclature, stereochemistry, structures, reactivity, and mechanism of the chemical reactions.
 - Identify chemical formulae and solve numerical problems.
 - To understand the basic principles of Organic, Inorganic, Physical and Analytical Chemistry and its applications through various laboratory experiments.
 - Use modern chemical tools, Models, Chem.-draw, Charts and Equipment's.
 - Understand good laboratory practices and safety.
 - Develop research-oriented skills. PSO-8. Aware and handle the sophisticated instruments/equipment's.

- **Botany**
 - Inculcate interest in and love of nature with its myriad living forms.
 - Impact knowledge of science as the basic objective of Education.
 - Create a scientific attitude to make students open minded, critical and curious.
 - Develop the ability to work hard and make students fit for society.
 - Expose students to the diversity amongst life forms.
 - Collection and interpretation of biological materials and data make them aware of natural resources and environment and the conserving it.
 - Develop the ability for the application of acquired knowledge in various fields of life so as to make our country self-sufficient.
 - Appreciate and apply ethical principles to biological science research and studies

- **Zoology**
 - Understand the nature and basic concepts of cell biology, genetics, taxonomy, physiology, ecology and applied Zoology.
 - Analyses the relationship among animals with their ecosystem.
 - Perform procedures as per laboratory standards in the areas of Taxonomy, Physiology, Ecology, Cell biology, Genetics, Applied Zoology, Clinical science, tools and techniques of Zoology, Toxicology, Sericulture, Biochemistry, Fish biology, Animal biotechnology, Immunology and research methodology.
 - Understand the application of Zoology in Agriculture, Medicine and daily life.
 - Gains knowledge about research methodologies, effective communication and skills of problem-solving methods.
 - Contributes the knowledge for Nation building.
